5601 Warwick Pl
Ch. Ch.

November 4, 1968

Dear Mr. Weisberg:

The Congressional committee informally investigating the Kennedy assassination is the Subcommittee on Administrative Practice and Procedure of the Senate Judiciary Committee. The chief counsel, Bernard J. Fensterwald, is doing the investigation. The chairman of the subcommittee is a lame duck, Edward V. Long, D., Mo. The address I have for the subcommittee is 3216 New Senate Office Building, and the telephone 225-5617.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tristram Coffin", written in dark ink.
